Round B total

2,540 m³ above the agreed base. Round A total was 2,650 m³. Estimated net change is −110 m³.

Register extract

Pile / material	Prior / current (m³)	Change (m³)
A · Sand	1,320 / 1,240	−80
B · Gravel	1,050 / 980	−70
C · Salt	280 / 320	+40

Basis of estimate

Example base: fixed yard-pad reference shared by both rounds. Boundaries and units must match. Confirm a known pile or independent checkpoints before production use. No mass or invoice quantity is inferred.
